

How to turn off the Pop-Up Blocker

Internet Explorer

Firefox

Chrome

The image shows a Chrome browser window with a notification box open. The notification box contains the following text: "The following pop-ups were blocked on this page:", followed by a list item "Skyward Family Access" with a red 'X' icon. Below this are two radio button options: "Always allow pop-ups from www5.grafton.k12.us" (which is selected) and "Continue blocking pop-ups". At the bottom of the notification box are the links "Manage pop-up blocking..." and a "Done" button. Three red arrows point to the notification box: one from the top right corner of the browser window, one from the top left of the notification box, and one from the right side of the notification box.
